

Texas Abbott Rep Pay - Oct 18-25, 2026

Method. Abbott billable is from Andrew Bell's 10/26 report. Already-paid doors = Pulsar doors logged 10/18-20, capped at doors paid on the 10/13-20 Dallas/Houston files. Payable doors = Abbott billable - already-paid doors (minimum 0); Pay = payable doors x rate. Lubbock was unpaid last week, so nothing is deducted there (Justin Lopez 864 and Ricky Wingrove 254 paid in full). Kayman Herring Taylor is \$0 per Michael. Isaac Chaidez's 428 and Jessica McAleer's 168 prior Dallas doors were paid via reassignment to Ryan Campbell and still count as already paid. **Overrides and expenses are not included** (team leader override rate for Texas is unconfirmed). **Rates:** every rep is at the default \$1.50/door; no per-rep rate was found in the Dallas payroll draft thread or box notes, so each rate is marked *unconfirmed* and **needs Michael's check**.
